

Marine & Shipyard Industries in Batam

Marine & Shipyard Industries in Batam

Preface

Firstly, Praise to Allah SWT that the Marine and Shipyard Book has been completed. This book will highlight the shipbuilding industries that exist and developed in Batam, and also describe each of the 58 companies.

Marine and shipyard industries play major role in Batam, which is strategically located just southeast of the Malacca Strait, the busiest shipping lane in the world. With the huge demand for marine activities in Indonesia, this industry has also played an important role in many sectors. Batam recognized the significant value of the industry, and initiated growth in the shipyard industry and thus, the industry has contributed an influential development towards the industrial growth in Batam for the past two decades. These

industries have experienced fluctuation due to oil price as well as pandemic COVID-19, nevertheless the industry has managed to strive and even progressing.

Many of shipyard industries are situated at Tanjung Uncang, located on the western part of Batam Island is a sub area of the Sekupang development Area. Tanjung Uncang is allocated for shipbuilding and shipping industry in Batam, with marina facilities and ferry terminal located in the neighborhood. Located very strategically with an area of 6,789 hectares, with a coastline of 18,250 meters, and depth of 6 to 18 meters. Tanjung Uncang has become a shipyard heaven.

The shipyard industry in Batam has gained confidence from other countries, such as companies from Japan, South Korea, Malaysia, Singapore, UK and Netherlands. With the growing interests for marine industry to expand and relocate here, Batam will be able to serve and support the marine industry in Singapore and elsewhere in providing a more attractive and competitive environment for business.

We express our deepest appreciation to all stakeholders who have been helping us in collecting data and information. We certainly hope that this publication may be your reference in knowing the marine and shipyard industries in Batam. Thank you!

H. Muhammad Rudi
Chairman of BP Batam
